Tempe
Transportation Plan 2050

Active Transportation:
Connecting Tempe

Bicycle Network Improvements

Expand and improve Tempe's BIKEiT routes and connections.

- BIKEiT routes: Spoke, Frame, Chain,Pedal and more
- Provide a greater mix of facility types to reduce bicycle level of traffic stress
- Improved crossings and comfort for all ages and abilities

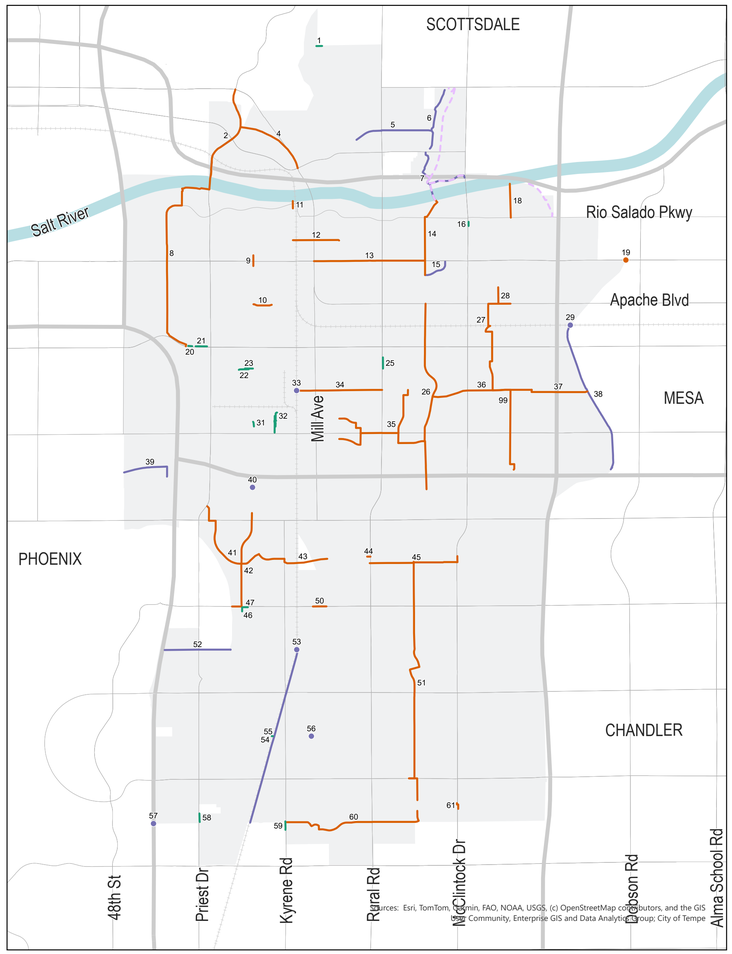

Multi-Use Paths

Grow Tempe's network of shared paths for walking, biking and rolling.

- Tempe Canal, Western Canal and Rio Salado paths
- Connections to parks, schools, and transit
- A more complete network for comfortable, enjoyable travel

Active Transportation Projects Across Tempe

Crossing Improvements

Make it easier and safer to cross Tempe's streets and reach destinations

- New and improved crossings (e.g., Tempe Canal, Alameda Drive railroad crossing)
- Enhanced signal timing and pedestrian treatments
- Better connections across major roadways

Sidewalk Connections

Fill in gaps and improve sidewalks for a more walkable Tempe.

- Sidewalk improvements on Rural Road, Hardy Drive, McClintock Drive and More
- Better links to transit, schools, businesses and neighborhoods
- A safer, more accessible pedestrian network

A More Connected Tempe Means...

- **Greater Safety**
- **Healthier Community**
- **More Transportation Choices**
- **A Greener, More Sustainable City**
- **A Stronger, More Connected Tempe**
